

See all that comp can become.

A complete compensation suite that does everything you want it to do. Bringing clarity, equity, and motivation to your workforce.

Welcome to the future of comp

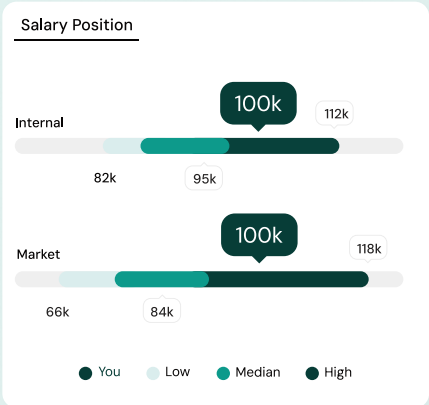

Transform your compensation strategy with our next-gen platform, powered by cutting-edge AI technology. Remove yourself from the constraints of spreadsheets and generalist suites and gain the freedom you need to deliver efficient, precise, and fair comp to everyone.

beqom provides efficiency at scale for global organizations, streamlining compensation, equity, and performance management processes.

Pay Management

Simply manage your complexity: create, configure, and manage your comp rounds and plans with full flexibility and transform your compensation strategy effortlessly with our intuitive solution. One size does not have to fit all.

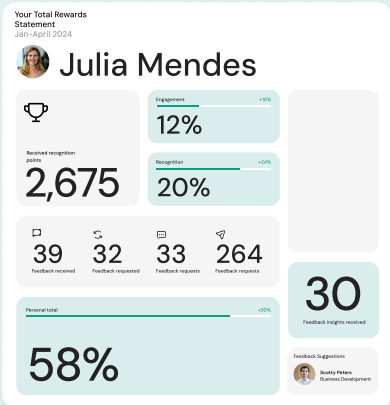

Total compensation without compromise.

Pay Transparency

Effortlessly streamline pay reporting and communications to empower teams with real-time pay insights. Confidently fulfill requirements to ensure transparency compliance, while accelerating pay equity progress across your organization.

Compliance and clarity. For every employee.

PayAnalytics by beqom

Move beyond compliance and cultivate a culture of fairness. Our platform offers a transparent view of your compensation structures and workforce demographics. Get automated, actionable insights to eliminate gender and ethnicity pay gaps, helping you foster a more diverse and equitable workplace.

Put fairness first: close pay gaps for good.

Pay Intelligence

Get automated pay suggestions that stay true to your company strategy. Using advanced machine learning, our compensation prediction models provide data-driven pay recommendations. Predict pay trends and optimize your budgets for fair and competitive pay recommendations.

Always pay the optimal amount.
